

## Pyrostrip 100P and 100PSS Palusol

Pyrostrip 100P is a high performance fire seal incorporating a high performance hydrated sodium silicate intumescent in a purpose-designed upvc sleeve – and is primarily intended for installation in fire doors, panelled doors and frame-to-wall gaps.

Pyrostrip 100PSS offers the option of an added brush pile smoke seal, with both products providing excellent levels of effective protection in a wide variety of door designs and specifications.

### Features and Benefits

- Proven performance in numerous internationally recognised tests
- Suitable for both 30 and 60 minute fire resistant doors
- Choice of standard colours – white, light and dark brown, light and slate grey, black, cream and red
- Choice of standard lengths – 1000mm, 1050mm, 2050mm and 2100mm
- Non-standard colours and lengths available on request
- Smoke seal in grey brush pile with options for black brush pile or flexible rubber in our Flexifin range
- Supplied with Self Adhesive tape (SA) as standard
