

Intumescent Door Viewers

180 DEGREE VIEWERS

1 hour fire check door viewers

DESCRIPTION

We offer 2 types of 1-hour fire check door viewers. We offer an all metal bodied 180 degree viewer with a 14mm barrel for standard door applications.

Both of these products come complete with a 1mm intumescent pre cut to size. 1-hour fire check products come with copy fire test certificates on every delivery to give you complete peace of mind.
